#3. Work in groups. Discuss the chosen topic in your group and make a list of arguments and examples from your life experience in favour of your statement. Then share your ideas with the others.

Group A

Stop eating chocolate before it becomes an addiction.

Group B

A chocolate a day keeps bad moods away!

Group C

Life is like a box of chocolates. You never know what you're going to get. Probably diabetes.

Group D

Chocolate is the answer. Who cares what the question is.

Group E

I am a chocoholic.
I only eat chocolate and I'm totally happy.
